

THERALYMPIC SPEECH MOMMY & ME LANGUAGE GROUPS

Mommy & Me Language Stimulation Groups

This 60 minute “caregiver and me” group uses a language and curriculum based approach to learning, while promoting socialization and play. Focus will be on increasing sensory-based experiences, turn-taking and pre-literacy development. This specialized group is led by a NYS licensed speech / language pathologist and will assist in fostering your child’s growth and communication, as well as increase self-confidence. Age appropriate play, music, arts & crafts and shared book reading will be incorporated into learning opportunities while developing preschool readiness skills.

Music & Movement Groups

This 45 minute “caregiver and me” group integrates physical, cognitive, social and emotional learning utilizing a whole-child approach to learning. Dynamic and lively activities expose your child to various sounds, music and hand play incorporating manipulatives, shakers, drums, balls, bells, instruments, bubbles and more. Exposure will include a combination of children’s classics and pop music. This specialized group is led by a NYS licensed speech / language pathologist and will assist with socialization, balance & coordination, expressing emotions and peer interaction.
